

## **GREEN CARD PRICE LIST FOR 2018.**

- Included in my price for the green card
- All hire clubs
- All driving range balls
- All on course fees

Complete detailed instruction until you have finished the green card course.

My price list only covers up to 4 people in one group, if more than 4 people are in a group I find its harder for you to progress quickly as I cannot spend enough time with each person.

- 1 Person having seven 45 minute lessons is 300 euros
- 2 Persons having seven 45 minute lessons is 400 euros.
- 3 Persons having seven 45 minute lessons is 450 euros
- 4 Persons having seven 45 minute lessons is 500 euros.

Getting your friends or family to join you in learning golf reduces the price considerably, basically to just 125 per person in a group of 4.

The Green card course can be completed in different time scales, depending on yours and my availability, from one week to one month.
